OLUKAYODE ASEMUDARA

Frontend Developer

PROFILE

I am an experienced frontend developer and website designer proficient in JavaScript, Vue.js, and Nuxt.js for building dynamic and responsive web applications. Skilled in leveraging WordPress and Webflow to create visually appealing and user-friendly websites. With a keen eye for design aesthetics and a strong understanding of frontend development principles, I excel in translating client requirements into seamless digital experiences.

WORK EXPERIENCE

- Website Developer (Wordpress)** 2022- Present
Freelancer
 - Created custom WordPress themes and plugins to meet client needs.
 - Conducted website maintenance and troubleshooting for WordPress sites.
 - Collaborated with clients to enhance their online presence using WordPress solutions.
- The RootsHive** 2023
Frontend Intern
 - Managed website content and appearance using Bootstrap, ensuring consistent styling and layout across web pages.
 - Implemented Bootstrap styling to enhance the user interface and user experience of web applications.
 - Collaborated with team members to integrate Bootstrap components and maintain brand consistency throughout the website.
- MedipalHealthcare Ltd** 2021-2023
Tech Support
 - Provided technical support to users of EMR software, resolving issues related to functionality, data entry, and system integration.
 - Conducted server maintenance tasks, including updates, backups, and performance monitoring, to ensure optimal system performance and data security.
 - Troubleshooted and resolved software and hardware issues for clients, utilizing diagnostic tools and remote assistance to minimize downtime and maintain workflow efficiency.
